

### REMARKS

Applicants are submitting the present Amendment and accompanying Application Data Sheet to delete the priority claims to U.S. Patent Application Nos. 10/001,895, 10/001,849, 10/001,893, 10/001,894, 10/001,891, 10/175,540, and 10/645,821. Applicants' representative, Kanda Ishihara, spoke via telephone with Examiner Robert Stevens on October 3, 2007 to inform him of Applicants' intentions to delete the aforementioned priority claims. Therefore, Applicants are submitting the present Amendment and accompanying Application Data Sheet to delete the aforementioned priority claims, thereby eliminating the priority relationship between the present application and the seven cases of which it was formerly considered to be a continuation in-part. Thus, following entry of this amendment, this application will contain only the claims of benefit to Provisional Application Nos. 60/506,303, 60/506,411, and 60/506,263.

Applicants thank the Examiner for entering this amendment and invite the Examiner to contact Applicants' representative at the number provided below if Examiner believes it will help expedite furtherance of this application.

Respectfully Submitted,  
JONATHAN J. HULL ET AL.
